SUBJECTS INDEX

Exercise physiology Page

Effect of plyometric training on vertical jump performance in high school basketball players (M. E. Brown, J. L. Mayhew, L. W. Boleach) 1

Serum electrolytes and sex hormones in male sprinters after submaximal exercise (A. L. Toriola, D. N. Mathur, O. A. Dada) 5

Plasma lipids, lipoproteins and apoproteins B and A-I before and after a 24 h endurance race in cross-country skiers (U. Zuliani, A. Bonetti, G. Cerioli, A. Catapano, P. Zeppilli) 8

Physical fitness and eustress in the adventure activities of rock climbing and rappelling (C. J. Bunting, M. J. Little, H. Tolson, G. Jessup) 11

Rope skipping influences the mechanical profile of the knee extensors and PWC_{170} (T. Hortobágyi, P. Apor, J. Faludi, J. Tihanyi, B. Merkely) 21

A review of the physique and performance qualities characteristics of games players in specific positions on the field of play (P. Bale) 109

The anaerobic threshold of elite and novice cyclists (E. Lopategui, H. R. Perez, T. K. Smith, R. M. Otto) 123

Physical fitness of South African school children (B. R. Goslin, S. B. Burden) 128

The correlation of performance variables in preadolescent tennis players (R. B. Birrer, R. Levine, L. Gallippi, H. Tischler) 137

Menses and exercise: attitudes and actions (S. L. Puretz) 140

Electromyographic analysis of some muscles in cycling athletes (B. Valentino, L. Gualdiero, L. C. Esposito, F. Melito) 146

The effects of rapid weight loss and rehydratation on a wrestling performance test (J. E. Klinzing, W. Karpowicz) 149

Relationship of acceleration momentum to anaerobic power measurements (J. L. Mayhew, T. M. Schwegler, F. C. Piper) 209

Influence of physiological function and perceptual effort on 1.5 miles performance in college women (M. Loftin, S. Zingraf, B. Warren, C. J. Jones, J. E. Brandon, D. Harsha) 214

The effect of sprint training performed in a hypoxic environment on specific performance capacity (J. Karvonen, E. Peltola, J. Saarela) 219

Determinants of 30 meter sprint time in pubescent males (K. Berg, M. Miller, L. Stephens) 225

The interpretation of measurements of circulating lactate (J. H. Green, G. C. McKim, A. C. T. Wong) 232

The effect of endurance training on metabolic responses and the prediction of distance running performance (C. J. Cisar, W. G. Thorland, G. O. Johnson, T. J. Housh) 234

Role of ovarian hormones in the glycogenic response to endurance training (C. Riggs, R. Kilgour) 241

Serum cortisol and testosterone levels in conditioned male distance runners and nonathletes after maximal exercise (D. N. Mathur, A. L. Toriola, O. A. Dada) 245

The effects of a sympathomimetic drug on maximal aerobic capacity (R. De Meersman, D. Schaefer, M. Martelli) 251

Body composition and body build variables as predictors of middle distance running performance (T. J. Housh, W. G. Thorland, G. O. Johnson, R. A. Hughes, C. J. Cisar) 258

Anthropometric measurements, body composition, biological maturation and growth predictions in young female gymnasts of high agonistic level (G. Caldarone, M. Leglise, M. Giampietro, G. Berlutti) 263

Predicting competitive bicycling performance with training and physiological variables (P. S. Krebs, S. Zinkgraf, S. J. Virgilio) 323

INDEX

Page

Heart rate overshoot following sustained isometric and repeated isotonic arm flexion and knee extension (K. Yamaji, S. Mano, H. Nada, J. Yamanishi, R. J. Shephard) 331

A study to evaluate and promote total fitness among fire fighters (T. A. Adams, F. G. Yanowitz, S. Chandler, P. Specht, R. Lockwood, M. P. Yeh) 337

Pulmonary responses of Black and White females (J. Rosentswieg, V. Brewer, J. Tate, P. Love) 346

An empirical investigation of triathlon performance (S. A. Zinkgraf, C. J. Jones, B. Warren, P. S. Krebs) 350

The effects of an acute physical exercise on some serum enzymes in older women (G. Métivier, R. Vanroux, D. Gingras) 357

Plasma LDH activity and LDH isozymes after 400 m and 3,000 m runs in sprint and long distance runners (T. Ohkuwa, M. Miyamura) 362

Sports cardiology

Radionuclide assessment of left ventricular function at rest and during exercise in rugby players (E. Astorri, U. Zuliani, C. Tomasi, G. C. Cerioli, G. Gavaruzzi, P. P. Ferretti) 29

Cardiac function and physical response of 146 professional football players to graded treadmill exercise stress (C. A. Hoette, B. A. Clark, G. A. Wolff) . . . 34

Cardiovascular reactivity and blood chemical changes during exercise (H. Rüddel, K. Berg, G. L. Todd, M. E. McKinney, J. C. Buell, R. S. Eliot) 43

Effects of knee angle on submaximal bicycle ergometry (L. W. Titlow, J. H. Ishee, A. Anders) 52

Incidence of heart rate overshoot (K. Yamaji, R. J. Shephard) 157

Effects of short-term training on glycolytic intermediates in human erythrocytes (H. Ohno, R. Doi, N. Maehara, N. Ueno, K. Yamamura, K. Yamashita, Y. Sato, N. Taniguchi) 162

Effects of sleep deprivation on performance during submaximal and maximal exercise (V. Bond, B. Balkissoon, B. Don Franks, R. Brwnlow, M. Caprarola, D. Bartley, M. Banks) 169

Sports physiopathology

Incidence of sunburn during mountaineering expedition (K. G. Singh, R. G. Singh, H. S. Girgla, Usha) 369

Ocular injuries due to sports in Kuwait (M. Al-Salem) 373

Sports psychology

Some psychological benefits resulting from involvement in an aerobic fitness from the perspectives of participants and knowledgeable informants (R. M. Hayden, G. J. Allen, D. N. Camaione) . . . 67

The relationship between psychological factors and sports injuries (R. Lysens, Y. Vanden Auweele, M. Ostyn) 77

Psychological testing as an auxiliary means of selecting successful college and professional football players (A. T. Daus, J. Wilson, W. M. Freeman) 274

The experience of loss in athletes (S. J. Astle) 279

Muscular strength as a predictor of personality in adult females (J. A. Balogun) 377

Studies and researches

Nutrition as a factor in the prevention of injuries in recreational and competitive Downhill skiing. Considerations based on the literature (F. Brouns, W. H. M. Saris, F. Ten Hoor) 85

Physiological performance, serum hormones, enzymes and lipids of an elite power athlete during training with and without androgens and during prolonged detraining. A case study (K. Häkkinen, M. Alen) 92

The effects of an aerobic running program on bowel transit time (L. Cordain, R. W. Latin, J. J. Behnke) 101

Influence of exercise and of lifestyle education upon attitudes to exercise of older people (R. J. Shephard, W. Montelpare, M. Berridge, J. Flowers) . . . 175

Physical fitness, anthropometric and metabolic parameters in vegetarian athletes (N. Hanne, R. Dlin, A. Rotstein) . . . 180

The effects of interval aerobic training on plasma lipid fractions of male and post-menopausal sedentary faculty (A. Cohen Perry, J. Tapp, L. Weeks) . . . 186

The effects of endurance swimming on the serum lipoproteins and the postheparin serum lipolytic activity in rats (S. Asano, K. Suzuki, K. Minamitani) . . . 194

Simple methods for measuring leg muscular endurance (M. Nakao, Y. Inoue, K. Matsuhita, H. Murakami) 285

The Canada Fitness Survey. Some International comparisons (R. Shephard) 292

The effects of beer consumption on the physiological responses to submaximal exercise (M. Mangum, W. Gatch, T. B. Cocke, E. Brooks) 301

Dietary problems in the case of strenuous exertion (F. J. P. H. Brouns, W. H. M. Saris, F. Ten Hoor) 306

Effects of chewing tobacco on heart rate and blood pressure during exercise (C. Ksir, M. Shank, W. Kraemer, B. Noble) 384

Wedensky phenomenon by d-tubocurarine or prostigmine in the isolated rat diaphragm. Effects of the medium cooling and of changes in the Ca^{++}-concentration (R. Aragno, V. Bettini, M. Riedi, L. Munari, P. Ton) 390

The relationship between tibial nerve conduction velocity and selected strength and power variables in college football lineman (R. P. Elam, B. I. Barth) . . . 398

Page

Anthropometric measurements, body composition, biological maturation and growth predictions in young male gymnasts of high agonistic level (G. Caldarone, M. Leglise, M. Giampietro, G. Berlutti) 406
Differential effects of age-group gymnastics and swimming on body composition, strength and flexibility (K. M. Haywood, B. A. Clark, J. L. Mayhew) . . . 416
Assessment of body composition by novice practitioners after a short intensive training session (G. C. Hyner, M. Marconyak, D. R. Black, C. L. Melby) . . . 421
A practical assessment of body composition in young women (R. W. Coté III, J. H. Wilmore) 427

Traumatology

The incidence of morbus Scheuermann in sportsmen (O. Blazek, A. Streda, V. Cermák, O. Skallová) 55
Effects on 2500 Hz sinusoidal current on fibre area and strength of the quadriceps femoris (D. St. Pierre, A. W. Taylor, M. Lavoie, W. Sellers, Y. M. Kots) 60

Statement 201

Book reviews

A bibliography of research papers on physique, somatotyping and body composition related to sports performance (P. Bale) 105
Limits of human performance (D. H. Clarke, H. M. Eckert) 105
Sports medicine for the clinic and practice (Sportmedizin für Klinik und Praxis) 105
Cardiopulmonary functional diagnostic (Kardiopulmonale Funktionsdiagnostik) (H. Löllgen) 203

Page

Biomechanics IX-A (D. A. Winter, R. W. Norman, R. P. Wells, K. C. Hayes, A. E. Patla) 203
Biomechanics IX-B (D. A. Winter, R. W. Norman, R. P. Wells, K. C. Hayes, A. E. Patla) 204
Frontiers of exercise biology (K. T. Borer, D. W. Edington, T. P. White) 204
Physiology of Fitness (B. J. Sharkey) . . 205
The tendons (L. Perugia, E. Ippolito, F. Postacchini) 205
Sportmedizinische Betreuung bei Sportveranstaltungen (K. H. Arndt) 320
Science of triathlon training and competition (G. T. Town) 320
Children and exercise XI (International series of sport science) (R. A. Binkhorst, H. C. G. Kemper, W. H. M. Saris) 320
Sport and aging (B. D. McPherson) . . . 431
Sport, health and nutrition (F. I. Katch) 431
Human muscle power (N. L. Jones, N. McCartney, A. J. McComas) 432

Congresses and meetings

International Seminar on the Science of Archery 206
First World Congress of "Science and Football" 206
3rd International Course on Physiological Biochemistry of Exercise and Training 206
XI International Congress of Biomechanics 207
IEEE Engineering in Medicine and Biology Society Conference 207
Calendar of International Scientific events from 1986 to 1987 208
Announcement 208
1987 National Conference on Sports Medicine and Science for disabled athletes (Mt. Washington Valley, New Hampshire; Reno, Nevada, March 26-28, 1987) 322
